Oruspoon, (One Spoon) was an idea that germinated, fertilized by the quest for convenience and an obsession to fuse design with functionality.

Oruspoon is a product of Verirare Essential Oil and Spices Private Limited. Sourcing the best ingredients available in the market, adopting the best-in-the industry practices while processing and then, adding a unique twist to the finished product is what Verirare has set out to do. Oruspoon uses design concepts and out-of-the box reasoning to increase usability and practicality of products. The Oruspoon range of instant beverages is just the first step in our journey of a thousand miles.

Nimalan, the founder of Oruspoon is a visual communication graduate from Loyola College Chennai specializing in design. A creative consultant for various projects across industries ranging from interior design, product design and advertising. His passion for design and functionality manifests itself in the concept of Ore Oruspoon.

– Retail outlets (Kiosk)

The Oruspoon retail distribution model is akin to the time-tested model followed by FMCG goods across the country. Our innovative products are excellent for breaking the ice with new customers or revitalizing relationships with existing ones.

Oruspoon will be the perfect add-on to the existing list of products for seasoned distributors. The packaging options available for retail distribution are unique and not available through any of our other channels.

Choose your geographic area for distribution and you are all set to go. Oruspoon supports you with all merchandising and BTL marketing needs. Our advertising team is working constantly to meet requirements for in-shop displays and merchandising collaterals. And, our multimedia campaigns keep Oruspoon at the top of the minds of customers.

Oruspoon has also engineered the unique 'Oruspoon Kiosk' and mini outlets that sell Oruspoon products in both ready to consume form as well as retail packs. These kiosks and mini outlets come in different sizes and there is always something to suit your location and clientele. Also, they require minimal investment and are ideal for those who want to test the waters of entrepreneurial vagaries before taking the plunge.

Thoothuvalai Soup In Ayurveda, Thoothuvalai is considered as a natural steroid that could improve one's strength, stamina and mental abilities. It is also known to improve memory and hearing. Thoothuvalai with its anti-inflammatory properties and anti-microbial activity helps with a fresh breath of life. Thoothuvalai has been found to be helpful in the management of diabetes. The anti-oxidant property of the plant comes to play here as the ethanolic extract of the plant helps manage levels of blood glucose.
